June 18, 2018

Dear Resident/Landowner:

On May 16th, 2018, the Town of Moreau conducted a Public Hearing regarding the creation of a sewer district along a portion of the Route 9 Commercial Corridor to allow for enhanced economic development in the area. At that hearing, the Town Board heard from several individuals who own residential properties in the proposed district. Most were concerned about the impact the annual cost of sewer would have on their ability to remain in their homes.

As a result, at a subsequent meeting, the Town Board agreed to modify the proposed sewer district boundary and removed residential class properties from the proposed district (1, 2 and 3 family homes). Since the proposed sewer district has been modified at the Town Board's request, another public hearing has been scheduled for Tuesday, June 26th at 8:00 p.m. at the Moreau Town Hall.

The purpose of the hearing is to afford you another opportunity to let the Town Board know your thoughts concerning the proposed sewer project. I encourage you to attend and to speak at the hearing so that the Town Board is made aware of your opinion and comments related to the project, prior to making a decision to move forward.

A copy of the updated Map, Plan and Report for the proposed sewer district is available at Town Hall and on the Town's website for those who wish to review the document prior to the hearing. The website may be viewed at: www.townofmoreau.org

Should you have any questions, please feel free to contact my office. I hope you will be able to attend the hearing and I look forward to hearing from you.

Sincerely,

A handwritten signature in blue ink that reads "Theodore T. Kusnierz". The signature is written in a cursive style.
