Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information				
Five (5) lot subdivision for Tier 1 Enterprises, LLC				
Name of Action or Project:				
Proposed Subdivision of Tier 1 Enterprises, LLC, Spier Falls Road, Town of Moreau				
Project Location (describe, and attach a location map):				
134 Spier Falls Road, Moreau, New York				
Brief Description of Proposed Action:		-		
Proposed subdivision of a 23.58 acre parcel into five (5) lots.				
Name of Applicant or Sponsor:	Telephone: 518-260-6078			
Tier 1 Enterprises, LLC	E-Mail: ttierney@drywallcenterinc.com			
Address:				
PO Box 286		_		
City/PO:	State:	Zip Code:	Zip Code:	
Glens Falls		12801	-	
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?			Ю	YES
If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that			7	
may be affected in the municipality and proceed to Part 2. If no, continue to question 2.				
2. Does the proposed action require a permit, approval or funding from any other government Agency?			10	YES
If Yes, list agency(s) name and permit or approval:		[
3. a. Total acreage of the site of the proposed action?	23.58 acres			
b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned	0.00 acres			
or controlled by the applicant or project sponsor?	23.58 acres			
4. Check all land uses that occur on, are adjoining or near the proposed action:				
☐ Urban ☑ Rural (non-agriculture) ☐ Industrial ☐ Commerci	al 🗹 Residential (subu	rhan)		
· —		,		
Forest Agriculture Aquatic Other(Spe	city).			
Parkland				

	5. Is the proposed action,	NO	YES	N/A
Is the proposed action consistent with the predominant character of the existing built or natural landscape? No YES	a. A permitted use under the zoning regulations?	П	1	
is the proposed action consistent with the predominant character of the existing built or natural landscape?	b. Consistent with the adopted comprehensive plan?		<u></u>	
Proposed action located in, or does it adjoin, a state listed Critical Environmental Area? NO YES			NO	YES
f Yes, identify:				V
a. Will the proposed action result in a substantial increase in traffic above present levels? b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? Does the proposed action meet or exceed the state energy code requirements? No YES If the proposed action will exceed requirements, describe design features and technologies: Not applicable In Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: If No, describe method for providing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action of the steep of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? In Will the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? In Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square feet o	7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES
b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: Not applicable In Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater utilities? In No YES If No, describe method for providing wastewater treatment: In No YES It is the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the NYS Office of Parks, Recreation and Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? In No YES Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? In No YES Well and the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square fect or acres:	If Yes, identify:		V	
b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? p. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: Not applicable 10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: If No, describe method for providing wastewater treatment: If No, describe method for providing wastewater treatment: It which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? 13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? b. Would the proposed action physically alter, or eneroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square fect or acres:			NO	VEC
b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: Not applicable In Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: In Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater treatment: In Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater treatment: In Will the proposed action of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? In State Project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? In Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:	8. a. Will the proposed action result in a substantial increase in traffic above present levels?		├──	IES
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: Not applicable In Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: If No, describe method for providing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater treatment: In Will the proposed action connect to existing wastewater utilities? In No YES If No, describe method for providing wastewater treatment: In Will the proposed action connect to existing wastewater utilities? In No YES It is no the Project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Preservation Office (SHPO) archaeological site inventory? I	b. Are public transportation services available at or near the site of the proposed action?		H	H
If the proposed action will exceed requirements, describe design features and technologies: Not applicable	action?			
Not applicable	9. Does the proposed action meet or exceed the state energy code requirements?		NO	YES
10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: II. Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: II. Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater treatment: II. Will the proposed action connect to existing wastewater utilities? II. Will the proposed action connect to existing wastewater utilities? II. Will the proposed action connect to existing wastewater utilities? II. Will the proposed action, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? II. Will the proposed action or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? II. Will the proposed action of the site of the proposed action or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? II. Will the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:	If the proposed action will exceed requirements, describe design features and technologies:			1
